**10.4**

**URGENT MATTERS ARISING  
FROM THE SPECIAL MANAGEMENT  
COMMITTEE MEETING (SMC 17/2020)  
HELD ON 31 AUGUST 2020**

(3/1/1)

In order to consider the urgent matters discussed during the Special Management Committee meeting (SMC 17/2020) held on 31 August 2020, Councillors are to dispense with the seventy two (72) hours notice in terms of section 14(1)(c) of the Local Authorities Act, 1992 (Act 23 of 1992) (as amended).

It is

**RECOMMENDED**

That, in order to consider the urgent matters discussed during the Special Management Committee meeting (SMC 17/2020) held on 31 August 2020, all Councillors waive the seventy two (72) hours notice in terms of section 14(1)(c) of the Local Authorities Act, 1992 (Act 23 of 1992) (as amended).

---

[Municipal Council Agenda: 2020-09-03(08-27)]

**10.5**

**APPROVAL OF REPORT NO. SMC 17/2020**

The report of the Special Management Committee meeting (SMC 17/2020) held on 31 August 2020 is submitted to Management Committee members for approval.

---

[Municipal Council Agenda: 2020-09-03(08-27)]

**10.6**

**REPORT NO. SMC 17/2020**

The report of the Special Management Committee meeting (SMC 17/2020) held on 31 August 2020, as approved by its members at this Council meeting, is submitted for notice with the exception of Items GOV.1, GOV.3 and GOV.4, which follow immediately hereunder for consideration.

It is

**RECOMMENDED**

That the report of the Special Management Committee meeting (SMC 17/2020) held on 31 August 2020, be noted with the exception of Items GOV.1, GOV.3 and GOV.4.

---

[Municipal Council Agenda: 2020-09-03(08-27)]

**10.6.1 GOV.1 [CEO] STAFF MATTER  
(4/4)**

This matter, submitted to the Councillors under separate cover, is to be dealt with in terms of section 14(2)(a) of the Local Authorities Act, 1992 (Act 23 of 1992) (as amended), which reads as follows:

*Every meeting of a local authority council shall be open to the public, except on any matter relating to -*

*(i) the appointment, promotion, conditions of employment and discipline of any particular officer or employee of a local authority council;*

*unless the local authority council by a majority of at least two-thirds of its members present at the meeting in question determines such a meeting to be so open.*

---

[Municipal Council Agenda: 2020-09-03(08-27)]

**10.6.2 GOV.3 [CEO] REQUEST FOR APPROVAL  
TO ACCEPT A GRANT FUNDING  
FOR THE MUNICIPAL CORONA  
SOLIDARITY PACKAGE FOR  
INTERNATIONAL PARTNER  
CITIES: WINDHOEK-BREMEN,  
CO-OPERATION  
(5/13/2/6/12)**

**Introduction**

\*\*\*

As part of this longstanding fruitful relationship between the Cities of Windhoek and Bremen, Germany, and build up counterparts' discussion on the support towards the Windhoek COVID-19 Response Action, Her Worship the Mayor of the City of Windhoek, Councillor Ms FN Kahungu is in receipt of a letter from Dr Olaf Joachim, Undersecretary of State of the Free Hanseatic City of Bremen, dated 14 August 2020, **attached as pages 254 - 255 to the agenda**, regarding a grant funding offer from the German Ministry for Economic Co-operation and Development. The grant is given to finance projects under a programme titled '*Municipal Corona Solidarity Package*', to relief and overcome the effects of the COVID-19 in sister cities.

**Background**

The Sister Cities of Windhoek and the Free Hanseatic City of Bremen, Germany enjoy fraternal relations under a Co-Operation Agreement signed in 2000, in the framework of the Namibia-German Friendship. The two (2) cities have over the years been jointly planning and implementing projects in the City of Windhoek focusing on mainly on environmental management. One

of the project was the construction of waste oil handling facilities at Menarovandu Industrial Park.

In 2017, the two (2) cities joined the Municipal Climate Partnership with aim to mitigate the climate change impact. Under the Climate Partnership, the following projects were identified:

- Provision of basic sanitation;
- Sustainable tourism;
- Exchange on waste water management;
- Waste management - zero waste; and
- Exchange of Interns.

The German Federal Ministry for Economic Co-operation and Development (BMZ) has been providing funding to support specific projects that planned and implemented within the framework of the programme. Funding was available to subsidise development projects implemented in the context of partnerships between German municipalities and municipalities in the global South by enabling them to implement jointly developed projects.

### **Municipal Corona Solidarity Package for International Partners Cities**

\*\*\*

The programme focuses on cities with partnership relations with German Municipalities. For the Bremen-Windhoek co-operation, the German Federal Ministry for Economic Co-operation and Development (BMZ) per e-mail, **attached as page 256 to the agenda**, offered to finance projects or acquisitions up to **50 000.00 Euro** to relief and overcome the effects of the COVID-19 Pandemic in Windhoek.

The aim of this programme is to enable German municipalities to show solidarity with their cities aboard within the framework of their partnership and in dealing with the emergency by exchanging expertise and implementing relief projects in different fields.

This grant could not have come at an appropriate time than now, as Windhoek and Namibia in general face unprecedented times fighting the global outbreak of the COVID-19 Pandemic that is driving our residents into uncertain livelihood. With local increase in confirmed corona virus cases, especially in Windhoek, it has become clear that the virus knows no borders, as all countries and cities are affected. Therefore, it requires more and enhanced international co-operation and worldwide solidarity, especially at municipal level.

\*\*\*

As it is mandatory that projects funded under this programme must start before the end of this year a swift mutual understanding between the two (2) Sister Cities would be a prerequisite. In this regard, information on this offer was shared with COVID-19 Command Unit to review the terms and conditions of the support programme, **attached as page 257 - 258 to the agenda**, and also to propose specific COVID-19 relief projects on which the grant funding will be spent.

\*\*\*

In line with section 30(1)(z)(i) of the Local Authorities Act, 1992 (Act 23 of 1992) (as amended), the Acting Chief Executive Officer, per letter dated 18 August 2020, **attached as pages 259 - 260 to the agenda**, wrote to the line Ministry to obtain Ministerial approval. Likewise, Her Worship the Mayor per letter dated 18 August 2020, **attached as page 261 to the agenda**, expressed appreciation and informed Bremen of the pending statutory approvals, prior to the official acceptance of the grant funding.

From the above information, it is important to note that this matter is treated as an emergency within the COVID-19 response framework, hence, all necessary requirements inclusive of Council and ministerial approvals, are addressed simultaneously.

### **Purpose of the submission**

The purpose of this submission to seek Council's acceptance of the grant funding offered under the programme titled, '*Municipal Corona Solidarity Package*', subject to Ministerial approval.

Management Committee

### **RECOMMENDED**

\*\*\*

- 1 That the grant funding of 50 000.00 Euro under the programme titled '*Municipal Corona Solidarity Package*' which is within the framework of the Windhoek-Bremen Co-operation, be noted.
  - 2 That Council grant approval to accept 50 000.00 Euro, in non-repayable grant offered under the Windhoek-Bremen Cooperation, Municipal Corona Solidarity Package programme.
  - 3 That the COVID-19 Incident Command review the terms and conditions of the support programme, **attached as pages 257 - 258 to the agenda**, and propose specific COVID-19 relief projects on which the grant funding will be spent.
  - 4 That Ministerial approval be obtained in line with section 30(1)(z)(i) of the Local Authorities Act, 1992 (Act 23 of 1992) (as amended).
  - 5 That the Chief Executive Officer be authorised to sign the Project Agreement with the Bremen counterparts after obtaining Ministerial approval to accept the grant, and subject to approval by Council.
  - 6 That the Project Agreement between the two (2) Cities be submitted to Council before signature by the Chief Executive Officer.
  - 7 That the resolution be implemented prior to confirmation of the minutes.
-

[Municipal Council Agenda: 2020-09-03(08-27)]

**10.6.3 GOV.4 [EDC] REQUEST FOR COMMUNITY HALLS AND CENTRES TO BE UTILISED AS COVID-19 TESTING SITES  
(16/7/3/1) (16/7/P)**

**Purpose**

The purpose of this submission is to seek approval from Management Committee and Council to avail Municipal Community Halls and a portion of the Ramatex building as COVID-19 testing sites.

**Background**

The Khomas Region (and more specifically Windhoek) has become the new epicentre for COVID-19. The number of cases reported in Windhoek surpassed the two thousand (2 000) mark and continue to increase daily. The Ministry of Health and Social Services designated the Robert Mugabe Clinic as the screening/testing centre, however, the number of people visiting the clinic for screening/testing has exceeded the clinic's capacity thus resulting in long queues with a spill-over to the surrounding area.

\*\*\*

In view of this, the Ministry of Health and Social Service in a letter dated 24 August 2020, **attached as page 262 to the agenda**, request the Municipal Council of Windhoek to avail the Ramatex building, the Otjomuise Community Centre and Katutura Community Hall to be used as testing sites.

**Discussion**

The Municipal Council of Windhoek (Council) take cognisance of the increasing number of COVID-19 infections in the City and related deaths in the country in general. Collective efforts are needed to ensure the safety of the residents of Windhoek by implementing precautionary measures especially testing to curb the spread of COVID-19.

In view of the above, it is recommended that, the following facilities be availed to the Ministry of Health and Social Services as testing centres for COVID-19:

- Katutura Community Hall (library and reading room sections), Independence Avenue, Katutura; and
- Otjomuise Community Centre, Amsterdam Street.

No rental fee to be charged for the said facilities however, that Ministry of Health and Social Services shall provide cleaning services, furniture and running costs including security services for the duration of the testing. Further to the above, the Ministry of Health and Social Services, shall furnish the City of Windhoek with the following information:

- Operating hours; and
- Data collection and submission (segregated data of patients serviced per week).

The request for use of the Ramatex building cannot be dealt with at this point due to a number of applications from a number of Government entities including the Ministry of Health and Social Services where an application was put forward to use the site as a depot for medical supplies. The Ministry of Education is using the same venue for examinations. It suffices to mention that the Otjomuise Community Centre is in close proximity to Ramatex.

Management Committee

### **RECOMMENDED**

- 1 That the increasing number of COVID-19 cases in the Khomas Region, and Windhoek in particular, be noted with concern.
  - 2 That the request from the Ministry of Health and Social Services to utilise the Katutura Community Hall (library and reading room sections) and the Otjomuise Community Centre as COVID-19 testing sites, be noted and accepted, subject to the following conditions:
    - 2.1 That the Ministry of Health and Social Services be informed to return the two (2) facilities in the same condition found/original.
    - 2.2 That the facilities be fumigated after usage.
  - 3 That no rental fee be charged for the said facilities, however, that the Ministry of Health and Social Services provide cleaning services, furniture and running costs, including security services to operate 24/7 for the duration of COVID-19 testing.
  - 4 That the Ministry of Health and Social Services furnish the City of Windhoek with the following information:
    - 4.1 Operating hours; and
    - 4.2 Data collection and submission (segregated data of patients serviced per week).
  - 5 That the request from the Ministry of Health and Social Services to use the Ramatex building as a COVID-19 Testing Site, be noted and not be supported, due to the use of the venue as an examination centre by the Ministry of Education.
  - 6 That the resolution be implemented prior to confirmation of the minutes.

Bremen, 14.08.2020

### Municipal Corona Solidarity Package for international partner cities

Honorable Mayor Kahungu,

The Covid-19 pandemic has affected the whole world for the past months. We still cannot foresee the long-term effects for our cities and our citizens. In these times, international solidarity is most important to support each other and to learn from each other how to cope with the consequences.

Therefore, I would like to take the opportunity to inform you about a new support program titled "*Municipal Corona Solidarity Package*" funded by the German Ministry for Economic Cooperation and Development. The objective of this program is to enable German municipalities to show solidarity with their sister cities abroad within the framework of their partnership and in dealing with the emergency by exchanging expertise and implementing relief projects in different fields.

Our cities have suffered enormously from the current pandemic, in terms of health issues as well as the subsequent economic effects. There are numerous ways to cope with the impact of this pandemic and I am sure there are many things we can learn from each other. In view of the long partnership and fruitful cooperation between the Free Hanseatic City of Bremen and the City of Windhoek I believe that we should carefully review the possibilities of this grant funding to see if it might contribute to relief and overcome the effects of the pandemic in our cities.

Please find enclosed a short description of the terms and conditions of the support program. My staff members Ms. Goethe ([silke.goethe@sk.bremen.de](mailto:silke.goethe@sk.bremen.de)) and Mr. Hendrichs ([joern.hendrichs@sk.bremen.de](mailto:joern.hendrichs@sk.bremen.de)) will answer any questions you might have in this regard and are available to discuss ideas for projects from your relevant departments. As it is mandatory that projects funded under this program must start before the end of this year, a swift mutual understanding would be a prerequisite for a successful application.

I believe that this opportunity could even strengthen our longstanding partnership in difficult times and look forward to our continuing cooperation.

Yours sincerely

Dr. Olaf Joachim  
- Undersecretary of State

**Subject:** Letter to Windhoek mayor  
**Attachments:** Letter Bremen Windhoek.pdf

Dear Chris,

Our national government has approached us with a new special funding programme aimed at alleviating the effects of Covid19 on the municipal level. It is specifically targeted at partner municipalities of German cities and finances projects or acquisitions up to 50,000 Euros or 1 million Namibia dollars in your case.

We are aware that with the application for EU funding, the Dewats project and other things, many joint initiatives of our cities are already underway and there is a limit of how many things one can handle at once. However, we feel that due to the nature of this special scheme with a 100% funding quota it is our obligation to inform all our eligible sister cities about this opportunity.

Please forward this letter from our superior to your mayor. Maybe you have an idea or there is a suitable expenditure in CoW that could otherwise not be paid for and fits into this scheme. If so, we would be more than happy to submit a proposal on your behalf.

Kind regards

Joern

## Municipal Corona Solidarity Package

Together we are facing the challenges of the Corona pandemic worldwide. Not only German municipalities are affected, but also their international partner municipalities. In this situation of need, municipal partnerships can contribute their strengths and local expertise. For this reason, Engagement Global and its Service Agency Communities in One World (SKEW) have launched a Municipal Corona Solidarity Package on behalf of and with funding from the German Federal Ministry for Economic Cooperation and Development (BMZ) in order to strengthen solidarity in municipal partnerships and to mitigate pandemic-related emergencies.

### Requirements for application

#### 1. Who may submit applications?

German Municipalities (cities, communities, districts) and district administrations as well as municipal associations may submit applications.

#### 2. What topics and contents must the projects deal with?

Only projects that can be assigned to municipal development policy are eligible for funding. Municipal development policy is understood to be the sum of the resources and measures that municipalities use or take to promote globally sustainable development. Since the Solidarity Fund only supports partnership projects, priority should be given to the disbursement and implementation of funds in the partner country.

#### 3. Which measures are eligible for funding?

Social measures to promote health protection and reduce the impact of the pandemic on vulnerable population groups, for example:

- Initiation and coordination of neighborhood assistance for risk groups
- Help for the particularly disadvantaged

Awareness-raising and information activities around the pandemic, for example:

- Measures for health education of the local population (campaigns on hygiene, social distancing etc.),
- Instructions for the in-house production of protective clothing (e.g. face masks)

Measures for local health care, for example:

- Strengthening local or regional production, distribution, quality assurance etc. of hygiene, disinfection and protective items
- Improvement of medical equipment to cope with the corona pandemic, e.g. hospital beds, fever monitors, test kits, etc.

Measures to strengthen the local municipal administration, for example:

- Strengthening digitization (including hardware in the partner country) for virtual exchange and virtual services

- Establishment of communal structures for tracking and containment of infection hotspots

Qualification/training and exchange of experience, for example:

- To strengthen local and, if necessary, also intermunicipal/regional structures of hazard prevention (disaster control, establishment of crisis management teams, communication between authorities in an emergency, planning for the protection of critical local infrastructure, etc.)
- To strengthen the local health system or health personnel and health facilities and services with regard to pandemic preparedness, patient care, aftercare, etc.
- To strengthen local government in dealing with the pandemic, e.g. in terms of securing key municipal services.

#### 4. Which requirements must be observed?

- Partnerships and cooperations that act in connection with the offers of partnership work and international professional exchange carried out by SKEW are considered particularly eligible for funding. In this context a professional exchange is desirable.
- The municipalities are always in charge of the implementation of the projects.
- Local/regional entities (civil society, health institutions, civil protection) can be involved in the project implementation.
- The municipal Corona Solidarity Package grants range from 1,000 € to a maximum of 50,000 € per project.
- The subsidy takes the form of full financing (100%).

#### 5. Which costs are eligible for funding?

- Costs for capacity building
- Cost of external services
- Costs for material expenses (transport costs if applicable)

In addition, a flat rate for administrative costs of a maximum of 7% of the total eligible costs may be charged.

It is possible to pass on up to one third of the total eligible expenditure and, in addition, the approved flat rate for administrative costs to local/regional entities involved in the project for the implementation of the project. In this case, a project agreement in the form of a private-law contract must be concluded with the cooperation partner.

The projects should not exceed a maximum duration of 12 months. They should start in 2020.

All details regarding the content and form of the municipal corona solidarity package can also be found on this website (in German):

Mr. Nghidinua Daniel  
 Executive Director  
 Ministry of Urban and Rural Development  
 P.O. Box 13289  
**WINDHOEK**

Dear Mr. Daniel,

**RE: REQUEST FOR APPROVAL TO ACCEPT A GRANT FUNDING FOR  
 THE MUNICIPAL CORONA SOLIDARITY PACKAGE FOR  
 INTERNATIONAL PARTNERS CITIES OF BREMEN, GERMANY**

I have the honour to inform you that the City of Windhoek and the Free Hanseatic City of Bremen enjoy fraternal relations under a cooperation agreement signed in 2000. Since, inception the two cities implemented a number of projects in Windhoek, which received funding from the German Ministry for Economic Cooperation and Development. Latest of these projects is the grant funding of a pilot sanitation project in Mix Settlement, which received ministerial approval on 12 April 2019 and preparation is progressing well.

As part of this longstanding fruitful relationship, the City of Windhoek received the attached letter addressed to Her Worship the Mayor of the City of Windhoek, Cllr. Fransina N. Kahungu from the Free Hanseatic City of Bremen, regarding a grant funding offer from the German Ministry for Economic Cooperation and Development to finance projects or acquisitions up to **50,000 Euros** for the new funded support program titled '*Municipal Corona Solidarity Package*', to relief and overcome the effects of the COVID-19 pandemic in Windhoek. The aim of this program is to enable German municipalities to show solidarity with their cities aboard within the framework of their partnership and in dealing with the emergency by exchanging expertise and implementing relief projects in different fields.

This grant could not have come at an appropriate time than now, as we face unprecedeted times fighting the global outbreak of the COVID-19 pandemic that is driving our residents into uncertain livelihood. With local increase in confirmed corona virus cases, especially in Windhoek, it has become clear that the virus knows no borders, as all countries and cities are affected. Therefore, it requires more and enhanced international cooperation and worldwide solidarity, especially at municipal level.

To this end, I am writing to kindly seek Ministerial Approval for the Municipal Council of Windhoek to accept the grant funding to the tune of **50,000.00 Euros** to help with alleviating the effects of COVID-19 within Windhoek. I have attached relevant documentations for ease of reference.

Yours sincerely,

Obrien Hekandjo

*The Gateway to Endless Opportunities*

18 August 2020

Dr. Olaf Joachim  
Undersecretary of State  
City of Bremen  
**GERMANY**

Dear Dr. Joachim,

**RE: MUNICIPAL CORONA SOLIDARITY PACKAGE FOR INTERNATIONAL PARTNER CITIES**

I acknowledge with appreciation your letter dated 14 August 2020, on the above captioned subject matter.

On behalf of the entire residence of Windhoek, we would like to extend our sincere appreciation to the German Ministry for Economic Cooperation and Development and indeed the City of Bremen, for the grant funding to finance projects or acquisitions up to 50,000 Euros for the new funded support program titled "*Municipal Corona Solidarity Package*", to relief and overcome the effects of the pandemic in Windhoek.

This donation is well received and could not have come at an appropriate time than now, as we face unprecedeted times fighting the global outbreak of the COVID-19 pandemic that is driving our residents into uncertain livelihood. With the global increase in confirmed cases, it has become clear that the virus knows no borders, as all countries and cities are affected. Therefore, it requires more and enhanced international cooperation and worldwide solidarity, especially at municipal level. The grant will play a key role in our success to mitigating the further spread of the coronavirus amongst our residents.

We regard this grant as a sign of joint commitment to a strong friendship under the cooperation agreement signed in 2000 between our two cities; and a working international solidarity. Our COVID 19 Response Team is reviewing the terms and conditions of the support program, as well as, to obtain necessary statutory approvals, where after we will revert you. For ease of coordination, our contact is Mr. Chris Eita, Manager: External Relations & Networking, reachable at email: [cei@windhoekcc.or.na](mailto:cei@windhoekcc.or.na).

Please accept the assurances of our highest consideration.

Yours in inclusive development,

Fransina Ndatelela Kahungu, Clr

**RE: REQUEST FOR RAMATEX, OTJOMUISE AND KATUTURA COMMUNITY HALL**  
**TO BE USED AS A COVID-19 TESTING SITE AS FROM 25<sup>TH</sup> AUGUST 2020**

Khomas Region has 2130 positive COVID-19 cases, which has started to increase over a period of less than a month. The number of cases determines the number of contacts that are now triple the number of cases.

Robert Mugabe is the only Screening/Testing Centre, and it has seen unbearable number of people (contacts and self-referrals) coming for testing.

It is this background, that the region is requesting your good office to avail halls in different constituencies such as Katutura Central, Otjomuise and Moses Garoeb to be used as testing centers.

For detailed information kindly do not hesitate to contact Ms P Hamunyela, Acting Regional Director Khomas Health Directorate at Tel.no: +264 61 203 5001 and
